MANAGING DIRECTOR, ENERGY & STRUCTURED FINANCE, CLARK CONSTRUCTION GROUP

---

## RESPONSIBILITIES AND EXPERIENCE

With over 20 years of complex finance and deal structuring experience, Ms. Meer joined Clark in January 2001 to form the P3 solutions group for Clark Construction. In early 2011, Ms. Meer left that group to form the Energy and Structured Finance group for Clark. This group is focused on developing on-site clean and renewable energy solutions for clients, technologically customized to the needs of the clients. The ESF group serves as the developer, financial structuring entity and tax credit equity investor in these projects. On a case by case basis, ESF will also serve as a sponsor equity investor. Ms. Meer and her team are responsible for contract negotiations, transaction structuring, financing management, solutions development and general project oversight.

Prior to joining Clark, Ms. Meer spent eight years at J.P. Morgan in New York as a Vice President in Mergers and Acquisitions and Corporate Finance. She also served as Treasurer of American Mobile Satellite Corporation, a satellite/cellular business, which she took public. Ms. Meer also spent nearly seven years at Marriott International as a Vice President of Corporate Finance. Ms. Meer holds a Master's Degree in International Finance and Management from Harvard University and a Bachelor's Degree in Economics from the University of Pennsylvania.
